Delta Fast Facts

Delta’s solar energy system covers the 2009 World Games Stadium.
About Delta Group

For nearly 40 years Delta Group has pursued the mission: "To provide innovative, clean and efficient energy solutions for a better tomorrow." With its focus on continuous innovation, Delta has become a global leader in a range of products and has received the Forbes Asia “Fabulous 50” Award for several consecutive years.

Delta Group has long implemented green manufacturing processes, recycling, waste management programs and has constructed environmentally-friendly green buildings. CNBC European Business magazine recently listed Delta Electronics as a “Global Top 100 Low-Carbon Pioneer” - the only company from Taiwan featured on the list. In 2010, the management team received honors that include Ernst & Young’s “Entrepreneur of the Year” and “CSR Entrepreneur” awards, CNBC’s “2010 China Business Leader of the Year Award”, and more.

Delta Electronics continues to be world’s number one in power supply sales since 2002.

Product Overview

Dedicated to developing clean, high efficiency and energy-saving solutions in:

- Power Management
- Renewable Energy-Wind and Solar Energy Systems
- Thermal & Cooling Fans
- Power Train Systems and Key Components for Electric Vehicles and Hybrid Electric Vehicles
- Networking Systems
- Industrial Automation System Devices
- High-end Display and 3D Cinema Systems
- Innovative Miniaturized Passive Components
- LED Lighting

Worldwide Revenues

36% CAGR Since 1971

Delta constructed a 1.5 MW solar energy system for the world’s largest thermal power plant.

Delta’s energy-saving LED streetlights in the Tainan Science Park.

Renewable Energy Systems

- Horizontal Axial Wind Turbines
- Vertical Axial Wind Turbines
- Solar Inverters for Commercial Photovoltaic Systems
- Solar Inverters for Residential Photovoltaic Systems
- Photovoltaic inverters installed under solar panels.

LED Lighting Systems

- Fuel Cell Inverters
- Turbine Control Interfaces
- Fuel Cells
- Solar Inverters for Commercial Photovoltaic Systems
- Solar Inverters for Residential Photovoltaic Systems
- Photovoltaic inverters installed under solar panels.

- General Lighting
- Architectural Lighting
- LED Lamps
- Street Lighting
Display Solutions

Seamless Video Wall Control Room Systems

LED Display Systems
Large Venue Projectors and Lenses

Extreme Short Throw / Education Projectors

Large Venue / Business Projectors

LED Entertainment Pocket Projectors

Home Theater Projectors

Color e-Paper Solutions

21” e-Signage
13.1” e-Pad
8.2” e-Reader
4.1” e-Tag

High-end Display and 3D Cinema Systems

Industrial Automation

Active Front End Units (PFC & Regeneration)
AC Motor Drives
Brushless DC Motors & Drives
AC Servo Motors & Drives
Encoders
Programmable Logic Controllers
Temperature Controllers

Automotive Electronics

Chargers
Lithium-ion Battery Packs
DC/DC Converters

Integrated Starter Generators
Hybrid Vehicle Control Units
Power Control Units

Traction Motors
